THREATENED RAILROAD STRIKE GROWS SERIOUS Federal Government to Resort War Powers to Stop Strike

STRIKE ORDER MUST STAND UNION CHIEFS ANNOUNCE OFFICIALLY

(By Associated Press)

CHICAGO, Oct. 21.—The United Brotherhood of Maintenance of Way Employees and Railroad Shop Laborers today issued a statement saying 365,000 of their men, or 98 per cent, had voted to suspend work in concert with the other unions.

(By Associated Press)

CLEVELAND, Ohio, Oct. 21.—Upon his return from Chicago where the five big brotherhood railroad executives were in session yesterday with the railroad labor board, W. G. Lee, president of the trainmen's organization, announced this morning that the strike situation was unchanged.

Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, and W. S. Carter, president of the Brotherhood of Firemen and Enginemen, who returned with Lee, declined to make any comment further than to say the situation was unchanged. Lee has called his executive committee members for a session here next Monday. The advisory board of engineers and the executive committee of the firemen are now here.

Lee Stone and the others said they would recognize any order from the labor board and would attend the meeting Wednesday.

(By Associated Press)

CHICAGO, Oct. 21.—Lack of any provision by the unions for suspending the railroad strike made it impossible to accept the plan of the railroad labor board. It was said today in union circles. The board, it was said, presented three proposals to the presidents of the "Big Four" brotherhoods and Switchmen's union. First, that the railroads were to make reduction of freight rates corresponding to the wage reduction of July 1 unless such reductions already had been made since that date. Second, the roads are to refrain from asking the railroad labor board for further wage reductions until the last cut had been translated into rate reductions. Third, the unions are to suspend or withdraw the strike order. The union presidents were willing to accept the first two proposals, but declared they had made no arrangements for suspending the strike, and that any settlement must be made before October 30 or the walk-out would become automatically effective.

The board, it was reported today, assured the union leaders that the railroads could not get a decision for months even if they filed the proposed request for a 10 per cent wage reduction immediately. The brotherhood leaders, who had already declared the plan impossible, made no effort to conceal their disappointment that the board had nothing else to offer.

TONOPAH GIRL HAS

TONSILS REMOVED
Drs. Brown and Ellis performed an operation Thursday morning on Dolly Carpenter, daughter of Chet Carpenter of Tonopah, for the removal of tonsils and adenoids.—Goldfield Tribune.

PEACE TREATY TERMS ON WAY ACROSS OCEAN

(By Associated Press)

WASHINGTON, D. C., Oct. 21.—The formal terms of ratification of the peace treaties with Germany and Austria have been forwarded to Berlin and Vienna. As soon as formal exchanges have been completed, immediate steps will be taken to set up diplomatic machinery. Then the American troops will begin to move out of Germany.

BARRAGUETTE GETS PRISON AND FINE

Tony Barraguette, who pleaded guilty in the district court to the charge of violating the state prohibition law, was this morning sentenced to serve 60 days in the county jail and to pay a fine of \$100. On the charge of assault, which was reduced from assault with intent to kill, Barraguette was fined \$100 and \$20 costs. Both fines, including the \$20 costs, were paid this afternoon by the defendant.

ACCURACY OF REPORT FILIPINES IS DOUBTED

(By Associated Press)

MANILA, P. I., Oct. 21.—Governor General Leonard Wood today announced he had sent a cablegram to Secretary of War Weeks denying the accuracy of statements by the American Chamber of Commerce here in its campaign to prevent further investment of American capital in the islands until the political status as to the territory of the United States is settled. Wood declares he will protect all legitimate interests in the Philippines.

ROAD IS CLEAR SAN DIEGO INTO MEX COUNTRY

(By Associated Press)

WASHINGTON, D. C., Oct. 21.—The cabinet today considered briefly and without action "many complaints" respecting conditions growing out of the unlimited use of passports from San Diego to Tijuana. It was said the question was not regarded as one with which the government could deal now.

STATE KANSAS WILL OPERATE STRIKE OCCURS

(By Associated Press)

TOPEKA, Kan., Oct. 21.—In the event the railroad strike becomes effective, the state government in Kansas will operate lines within the state. If it becomes necessary, under the Kansas industrial court law, Governor H. J. Allen, announced, Fifth, however, the railroad managers will be given an opportunity to operate the roads.

RAILROAD WORKERS WALKOUT IN TEXAS

(By Associated Press)

SAN ANTONIO, Texas, Oct. 21.—Approximately 600 members of the Brotherhood of Trainmen on the International and Great Northern today completed final arrangements for a strike at noon tomorrow, a week in advance of the date set for the general walkout of the railroad men.

"It won't make any difference; the order to strike has been issued, and we are preparing to strike," said E. B. Thompson, general chairman of conductors on the International & Great Northern railroad, when advised of the railroad labor board's order.

STINSON SAYS MINING COMING BACK INTO OWN

Andy Stinson, state mine inspector, who is probably closer to the mining situation than any state official, is convinced that the business of mining is on the up-grade, says the Carson Appeal.

Tonopah, he says, is more than back to normal, and the largest production in years can be expected from the camp. Mining development is going along on legitimate lines and the business and promotion have left for other fields. Divide is in for production.

Other sections of the state are coming along on production records and while there is no new camp that is a sensation, several have the earmarks of mines.

Virginia City and Gold Hill, he contends, are the attractions at present for big money, and are now contributing to the industrial insurance fund second only to Tonopah, with every chance of soon being in the lead.

Mr. Stinson is of the opinion that the copper camps are shortly to see a revival. The disposal of surplus stock and a better market price, he believes, will tend to revive this big Nevada industry.

He states that the disposition to observe safety first lines in mining is general throughout the state and that licensed hoist engineers are employed on every property that is worthy of the name. The new law has met the approval both of the employers and the men working underground.

OFFICIALS OF FRANCE WARN U. S. OF DANGER

(By Associated Press)

PARIS, Oct. 21.—French police officials today announced that over 100 members of the Young Communist organization in Europe had slipped through the immigration lines and reached the United States within the last two months for the purpose of "causing trouble." If the two Italians, Sacco and Vanzetti, were executed for murder in Massachusetts. Many of these officials said, had been refused passports in the American passport bureau in Paris, but later they were able to get to America by other means.

The police now are working on the theory that some of these communist agents who failed to get through the lines were responsible for the bomb sent to Ambassador Herrick in Paris, but later they were able to get to America by other means.

PARDON ASKED PRES. HARDING TONY BRACKETT

Friends of Tony Brackett, well-known Manhattanite, are circulating a petition which will be addressed to President Harding asking that he be granted a full and unconditional pardon for having violated the Volstead act. Brackett was sentenced to serve 60 days in the county jail and to pay a fine of \$100 by Judge Farlington of the United States district court following a plea of guilty. He was permitted to drive his own auto alone from Carson City to Tonopah where he delivered himself to Sheriff Thomas. He is now acting as county chauffeur, but owing to his presence being needed at home his friends hope to secure for him an early release.

DENNIS EGAN DIES AT BISBEE, ARIZONA

Dennis Egan, 69 years, one of the early settlers of Tonopah, having arrived here during the early days of the camp, died yesterday at Bisbee, Arizona, according to a telegram received here by James Murphy of the Model Cigar store. Mr. Egan was an employee of the Tonopah Mining company for 14 years, 10 of which he was connected with the Mizpah shaft development, while for four years he served as watchman at the Sand Grass shaft, resigning that position to go to Arizona. Dennis Egan was born in Ireland, but when a young man came to the United States, finally locating at Leadville, Colorado, but when the Tonopah excitement reached its height he came to this camp and had made his home here until he left for Arizona upon being informed of the death of his son, which occurred a few weeks ago. Within a period of 14 months Mr. Egan lost his wife and two sons, and his death was no doubt hastened through grief over the loss of his loved ones. Deceased was a member of the Catholic Mutual Benevolent association of Leadville and the remains will be taken to that place for interment.

NIKOLAI LENINE ADMITS RUSSIA IN BAD PLIGHT

(By Associated Press)

MOSCOW, Oct. 21.—Nikolai Lenin, Soviet premier, in a speech here on Russia's new economic policy, declared: "We must face the fact that we are reestablishing capitalism and also the question, whether the peasantry will follow the capitalists or communists. If the capitalists organize quicker and better, they will send us communists to the rear."

MINERS OF KANSAS ARE ORDERED TO GET BUSY

(By Associated Press)

INDIANAPOLIS, Ind., Oct. 21.—A call for the immediate resumption of work by the Kansas coal miners who have been idle since their demand for Alexander Homan was not to fall under the Kansas industrial court law, was issued today by the United Mine Workers of America in a letter sent to every union mine in Kansas.

SUNDAY TRAIN WILL OPERATE AGAIN OCT. 30

Sunday train service between Goldfield, Tonopah and Mina will be resumed on Sunday, October 30. Of local notice of this order was given out officially by the public service commission of Nevada in accordance with the request of the Tonopah & Goldfield Railroad company for permission to restore service. The order was issued at Carson City yesterday and a copy was received in Tonopah this morning.

With the reinstatement of the Sunday train, better mail service will be forthcoming, and a regulation mail car will be provided with mail clerk service. This will be a great convenience to people who may desire prompt service and will result in it being possible to mail letters at the depot with the departure of outgoing trains.

Withdrawal of the Sunday train became effective on August 13 last at the request of the Tonopah & Goldfield company, following hearing and investigation, but business conditions, continuing to show such a marked improvement in southern Nevada, the officials of the company found it essential to ask for reinstatement in order to relieve the congested condition in the yards at Tonopah.

PACKERS PILING UP MUCH FRESH MEAT

(By Associated Press)

CHICAGO, Oct. 21.—Chicago packers began storing fresh meats for emergency use in the event of a railroad strike. Preparations are being made, it was said, to stock strategic distributing centers to the maximum.

FOUR BROTHERHOODS ARE CITED TO APPEAR BEFORE WAGE BOARD

(By Associated Press)

CHICAGO, Oct. 21.—The United States railroad labor board this afternoon passed a resolution citing the four big brotherhoods, the Switchmen's union, and all the railroads named in the wage reduction order of July 1, to appear before the board next Wednesday morning. They were cited to appear on the board to determine whether they had been or are violating the wage reduction order. Meanwhile both parties to the dispute are warned to maintain peace and on properties of carriers. The board members declined to say whether they had been in touch with Washington by long distance telephone during the morning. The board's action, practically means there will be no strike on October 24 unless the unions should choose to defy the government, for it is hardly probable a decision will be rendered by the board before that date.

PLANS FOR PEACE WITH IRISH NEAR AN ENDING

(By Associated Press)

WASHINGTON, D. C., Oct. 21.—Government use of war powers to end the threatened railroad strike is not to be expected, it was stated today in high administration circles. The intervention was given that the administration feels there are other avenues open.

LLOYD GEORGE COMES TO U. S. NOVEMBER 11

(By Associated Press)

LONDON, Oct. 21.—Premier Lloyd George has decided definitely, it was said today, to leave for Washington on November 5 on the liner Aquitania, arriving in time, it is expected, for the afternoon session of the armament conference on the opening day, November 11.

G. P. Herriek, district commercial manager of the Western Union, with headquarters in San Francisco, was an arrival in Tonopah yesterday and is looking after official business in connection with the local office.
